PORTER TOWNSHIP SCHOOL DISTRICT

PORTER TOWNSHIP SCHOOL CORPORATION **COMBINED STUDENT HANDBOOK**

ENROLLMENT POLICY

At the time of enrollment, parents must provide the following:

1. A certified copy of the student's birth certificate or other reliable proof of the student's date of birth.
2. Immunization Record - Under state statute, a parent must provide a written statement of the child's immunization accompanied by a physician certificate or other documentation no later than the first day of school, unless such a written statement is already on file. The child may not be permitted to attend school beyond the first day of school without furnishing this written statement unless the school gives the parents of the child a waiver or a local health department or a physician determines that the child's immunization schedule has been delayed due to extreme circumstances. The waiver cannot be granted for a period that exceeds twenty (20) days. I.C. 20-34-4.
3. The name and address of the school the student last attended, if any.
4. Proof of Residence

If the information is not provided to the school within 20 days of the student's enrollment or if the information appears to be inaccurate or fraudulent, the school must notify the Indiana Clearinghouse for Information on Missing Children and determine if the child has been reported missing. The school also is required, within 14 days of enrollment, to request the student's records from the last school the student attended, if any.

It is recommended that each child have a physical examination before being enrolled in any school in the system for the first time. A record of the physical examination may be kept on file in the school where the child is enrolled. All religious exemptions must be submitted in writing to the school. Children must be six years old on or before July 1 to enroll in grade one.

Legal Residence:

Pupils must show proof of legal settlement in Porter Township School Corporation boundaries before being enrolled in Boone Grove Elementary School, Porter Lakes Elementary School, Boone Grove Middle School or Boone Grove High School. A student may be denied attendance privileges or be expelled if the student's legal settlement is not in the attendance area of the school corporation where the student is enrolled.

Compulsory Education Law:

In accordance with I.C. 20-33-2-6, parents of children who will be seven (7) years old during the school year must enroll their child in the fall term of that school year. Parents who want to enroll their child in a non-public, non-accredited school or who intend to educate their child equivalent to public school (home school) must certify their intent to the local superintendent.

Kindergarten Entrance Requirements:

Children shall be eligible for kindergarten provided they have attained the age of five (5) on or before August 1st. This requirement may also apply to children who transfer into the school district and who may have attended private or public kindergarten in another locality.

Records:

The Family Educational Rights & Privacy Act protects a student's records. Those who have a legitimate educational reason to inspect records may have access and in other circumstances where statutory requirements are met, access will be allowed. Parents and students (who have reached the age of 18) may inspect individual school cumulative records. The school must allow a custodial parent and a non-custodial parent of a child the same access to their child's educational records. The school may not allow a non-custodial parent access to the child's records if: 1) a court has issued an order that limits the non-custodial parent's access to the child's education records and 2) the school has received a copy of the court order or has actual knowledge of the court order. I.C. 20-33-7 Parents wishing to see the student's records may request a copy. The school may charge a fee for the copies.

Parental Concern Procedure:

The Porter Township School Corporation realizes that in the daily operation of a school program differences and misunderstandings may occur that could result in parental concerns. In order to resolve these issues in the fairest and most expedient manner, the following standard practice outlines steps to be followed in the event of a parental concern:

STEP ONE: The parents having a concern involving their child and a teacher will make arrangements to have a conference with that teacher for the purpose of resolving the problem.

STEP TWO: The parents who feel that they have not received satisfaction in a conference with the teacher, as outlined in Step One, will arrange a conference with the Principal in hopes of resolving the problem.

STEP THREE: The parents who feel they have not received satisfaction in a conference with the Principal, as outlined in Step Two, will arrange a conference with the Superintendent in hopes of resolving the problem. All pertinent information and documented material regarding the problem will be taken into consideration at this conference.

STEP FOUR: The parents who feel they have not received satisfaction in a conference with the Superintendent, as outlined in Step Three, may request a meeting with the School Board in Executive Session. The decision of the School Board on this matter will be final.

COMPULSORY ATTENDANCE POLICY

Absences:

Attendance in school is compulsory as provided by I.C. 20-33-2-6. An absence due to suspension, expulsion, exclusion, illness, or lawful removal of the student from school by the parent or guardian is not truancy. We understand that family emergencies, injuries, illness or deaths in the immediate family may occur; however, when a student is not in attendance at school, he or she will be marked absent.

Whenever it seems necessary that a pupil be absent from school for any reason, the parent must call the office.

Truancy:

A student is considered truant when he/she is not in his/her scheduled class at any time during the school day beyond five (5) minutes late to class, miss's classes, or leaves class without permission. Truancies accumulate for the school year. Anyone who assists in helping someone become a Truant will receive the same consequence as the truant student.

Habitually Truant:

Students will be reported to Juvenile Justice if the student is determined to be habitually truant. A student is defined habitually truant by Indiana Code *as a student who is chronically absent, by having unexcused absences from school for more than ten (10) days of school in one (1) school year.* Failure of children to report to school even one day without parental notification to the office is considered truancy.

Vacation:

Absences due to family vacations are counted as absences on student records, according to the Indiana State Board of Education. Porter Township School Corporation recognizes that a student's presence and participation in class are necessary for the achievement of his or her academic potential. We feel that every day is an important day in our schools.

In recognition of the importance placed on attendance by the State and the School Corporation, please be advised of the following procedures:

- If it is necessary for your family to take your vacation during the school year, please notify the principal, in writing, at least five (5) school days in advance of your vacation. This needs to include the student's name, the dates, and the number of days to be missed.
- Teachers are not required to give students assignments prior to vacation.
- If arrangements are made prior to the absence to receive classroom assignments and/or homework, the assignments will be due upon the student's return.
- If homework assignments are not received prior to the absence, students will be provided any classroom assignments and/or homework missed upon their return. The students will be allowed the same number of days of the absence to complete and return their missed assignments. Upon completion, the work will be counted as a credit or a grade.

- Also upon return, students will be allowed to make-up any missed test (preferably another version of the same test). The amount of time within which a student will have to make-up a missed test, shall be at the discretion of the teacher or the principal, as appropriate. Make-up test shall be scored and applied to the final grade.
- Illnesses lasting more than 3 days & communicable diseases require a physician note to return to school, preferably one with the diagnosis listed.

Absences from school of ten or more days, for any reason, during any one nine (9) week period may result in withholding of the grades until make-up work is completed by the pupil.

Excessive absences can be a contributing factor in causing a child to repeat a grade level.

Good Attendance:

Good attendance is defined as one or no absences during each grading period, which adds up to four (4) or fewer absences in a school year.

HEALTH INFORMATION

It is necessary that a Health Survey for each student be completed and on file in the school clinic annually. A physical form is required for students entering 6th grade, 9th grade & students new to the corporation. A sports physical on file for student athletes meets this requirement.

Parents are requested to immediately notify the school office in writing of a change of address, phone number, or place of employment, new health diagnosis & medication changes.

Health Services: Students who become ill during the school day are to report their condition to a teacher and obtain a pass to the clinic. If the school nurse, principal, or principal's designee determines that there are sufficient indications of illness to warrant release from school, the parent or guardian will be notified and plans made for transportation home. Under no circumstances is the student sent home unless the parent/guardian or designated emergency contact person is notified.

It is the practice of Porter Township Schools to exclude from school any child who, among other things, has:

1. A temperature of 100 degrees or over. (Child may return to school when fever free without anti-fever medication for 24 hours)
2. Any undiagnosed inflammatory eye condition.
3. Any cough associated with fever or continuous unrelieved coughing.
4. Coryza (cold) (if associated with other signs of disease)
5. Discharge from ears.
6. Pediculosis (head lice). Exclude until they are free of live lice. Students are to be checked by a nurse upon return to school before classroom admission.
7. Undiagnosed skin diseases and rashes. The child will be excluded until diagnosed by a physician as non-contagious. The student will be excluded until properly treated as prescribed by a physician. The student will be excluded if discomfort is great. (Example: Poison Ivy).
8. A communicable disease.

Safety Protocols:

All students must adhere to guidelines issued by the administration regarding safety protocols and practices to prevent the spread of disease and illness including but not limited to wearing protective coverings, required spacing in school facilities, on school property and in school busses, and at any school sponsored activity wherever located. Students who violate such protocols are subject to discipline, up to and including recommendations for expulsion.

Chronic Illnesses:

Parents, and students, are encouraged to let the school know about such circumstances so that all concerned can work together to assist the family and student. A parent conference, which may include the administration, guidance, school nurse, and teachers, is recommended. At the conference, documentation of the situation and a completed Certificate of

Incapacity (as suggested by the Indiana Department of Education, Attendance Office) will be provided by the family. The purpose of the conference would be to determine any general education interventions needed and establish an on-going means of communication between school and family.

Immunizations:

In accordance with state law, children entering school must comply with the Indiana State Department of Health's immunization requirements. These include vaccination against diphtheria, whooping cough, tetanus, polio, mumps, measles, rubella, Hepatitis B Vaccine (HBV) and Varicella (Chicken Pox). Including Meningococcal conjugate vaccine (MCV4) for grades 6th - 12th. Number of vaccinations will be dependent on the child's age and grade level as determined by the Indiana State Department of Health. All vaccination records will be entered into the state registry for long term storage. If you'd prefer to opt out of the registry or a portion of the registry, please submit an annual objection in writing to the school nurse within the first 20 days of school.

Two Doses of Varicella (chickenpox) vaccine, or evidence of immunity, will be required for all students K-12. Two doses of Hepatitis A vaccine (HepA) are recommended for students entering kindergarten. One dose meningococcal conjugate vaccine (MCV4) is required & one booster dose of MCV4 is recommended for all students grades 11& 12.

Parents who object to immunization for religious or health reasons must complete an immunization waiver (available in the Health Clinic). A doctor's signature is required for any health reasons. Waivers must be verified annually.

Medications Given in School:

Except as specified in "Self-Administered Medications" section,

1. All medication must be brought to the school office where it will be kept in locked storage in the clinic. Dispensing of medications will only be done by the school nurse or trained designee of the school.
2. All prescription medication must be sent in the labeled pharmacy container.
3. Over-the-counter medication must be sent in the original container.
4. All medication administered at school must be accompanied by the school medication form stating the following:

Student's Name	Time of Administration
Name of Medication	Reason for Administration
Dosage to be Administered	Legal Guardian's
Signature Physician's Signature (for prescribed meds)	
5. For students in Grade K-8: medication may be released only to the student's parent or to an individual who is eighteen (18) years of age or older and who has been designated, in writing, by the student's parent to receive the medication.
6. Medication may be sent home with students in Grade 9-12, if the student's parent provides written permission for the student to receive the medication. Some medications are not suitable for sending home with children. In some cases, the nurse will contact parents to pick up excess at the end of the school year.

For any over-the-counter medication required on a routine basis for more than 10 days and any medication regimen that differs from the package instructions, a doctor's note for administration is required.

It is the responsibility of the student to come to the office for his/her medication.

No medication can be administered to students unless it has been provided by the student's parent/guardian. The clinics do not have stock medications.

Self-Administered Medication:

A student with a chronic disease or medical condition may possess and self-administer medication for such conditions on school grounds, during school or school activities, or while traveling to or from school activities. The student is permitted to do so only if the student's parent/guardian has filed an authorization with the principal on an annual basis.

This authorization must include a written statement from the student's physician that:

1. The student has an acute or chronic disease or medical condition for which the physician has prescribed medication.
2. The student has been instructed how to self-administer the medication.
3. The nature of the disease or medical condition requires administration of the medication, (i.e. inhalers, epi-pens, glucagon.)

It is suggested that, at the elementary level, student's medication be kept in the clinic.

Discarding Medications:

The parent/guardian is responsible at the end of the treatment regimen for removing from the school any unused medication that was prescribed for his/her child. If the parent does not pick up the medication by the end of the school year, the school nurse will dispose of and document that the medication was discarded. Destruction of the medication will be done in a manner that ensures that no other person can obtain possession of it.

Communicable Illnesses:

Every effort will be made to keep parents informed of possible exposure to communicable illnesses through website & email notices. If your child is diagnosed with a communicable problem such as strep throat, chicken pox, pink eye, bed bugs, or flu-like symptoms, please inform the school immediately. With everyone's help, the spread of these health concerns can be limited.

Accidents:

If an accident should occur at school, the following actions will take place:

1. The office will attempt to notify the parents at home.
2. If parents cannot be reached at home, we will attempt to reach them at work.
3. If parents cannot be contacted, the emergency number will be called.

If an accident involves serious injury, the following will occur:

1. The principal or his/her designee will use their best judgment to determine the need for emergency medical service.
2. An ambulance will be called, if deemed necessary.

For your child's safety, parents are requested to immediately notify the school office (in writing) of a change of address, phone number, or place of employment.

Student Insurance:

Student insurance is available if desired by the parent. There are several different coverage options from which to choose. Purchase of student insurance is optional. Online application can be accessed at the following link: <https://www.kandkinsurance.com/sites/K12Voluntary/Pages/Home.aspx>.

EMERGENCY PROCEDURES

Emergency procedure drills are performed periodically throughout the school year to maintain the safety of all students and staff in the event that emergency situations occur.

Fire Drills:

Schools are required by state law to conduct fire drills. The purpose of the fire drill is to accustom the students to a swift and efficient method of exit from the building in case of a sudden emergency.

Lockdown Drills:

The purpose of the lockdown drill is to maintain a safe and orderly classroom for the safety of the children in situations where students and staff must stay contained in the classroom.

Evacuation Drills:

The purpose of on-sight evacuation drills is to familiarize students with the procedures to leave the building to ensure the safety of everyone.

Tornado Alert:

State law requires that we conduct tornado drills. In the event of a real tornado, appropriate actions will be taken to ensure the safety of all children.

Emergency Days Requiring Late Start or Early Release of School:

At times, it may be necessary to delay the start of or close our schools because of an emergency or unsafe situation for our students. **Please develop and periodically review appropriate plans for the possibility of a delayed start, early dismissal, or school closing with your child.**

School Closings/Emergencies:

School closings and/or emergency information will be sent out via School Messenger, the PTSC alert system.

Please make sure that your child’s school has your correct email address, cell phone number, and home phone number so that you will receive these messages. Closings will also be posted at www.ptsc.k12.in.us and on the Porter Township School Corporation Facebook page as well as on Twitter (#ptsc).

eLearning Days:

Teachers will post lessons on Schoology by 9:00 AM of the eLearning day.

- The content covered on an eLearning day is to be the content covered in class for the day. Students may learn new concepts, practice concepts already introduced, or complete a project to demonstrate mastery of a concept. It depends where the class is in the learning sequence.
- Teachers will be available for student interaction online during the regular school hours for that building.
- Students may contact teachers through Schoology.
- Teachers will communicate through Schoology assignments for students, and when they are due.
- It should take students about the time of a typical school day to complete school work. Each assignment or class may be different. If you have a question or if something is taking a long time, please communicate with your child’s teacher.
- If a student does not turn in work for a period or for the day, it will be counted as an unexcused absence.
- If a student is unable to participate in the eLearning day due to a reason in the handbook, please call the school office to report the absence so that we may mark it accordingly as we would do on any other day of school.
- If a student does not turn in work, they will also have consequences for incomplete work just as on a normal school day.
- If you experience a technology issue, or experience any problems, please communicate immediately with your teacher. We cannot help you if we do not know there is an issue. Contacting us directly is the way to tackle issues quickly, efficiently, and correctly.
- If the teacher does not have the answer to the issue, they will help connect students with the person who can help you to find the answer.
- If a student has a question, they should first try and reach out to the teacher themselves. This is a valuable skill, similar to asking questions in class to get help.

Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated and held until the end of the school day and may be directed to delete the audio and/or picture/video file while the parent/guardian is present. If the violation involves potentially illegal activity, the confiscated-PCD may be turned over to law enforcement.

These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. CHILD ABUSE AND NEGLECT

Indiana Law requires school employees to report every suspected case of child abuse or neglect to the Department of Public Welfare. If parents or community members suspect a case of child abuse, it is their responsibility to report this to the Indiana Department of Child Services Central Intake Unit hotline at 1-800-800-5556.

COMPULSORY REPORTING

One of our first concerns is student safety and well-being. Therefore, staff members must report to the principal anything that suggests a student may be harmful to him/herself or to others. If a student discloses such information directly to a staff member, or indirectly through written assignment or communications, this information must be reported to the principal. This information is confidential and used only for protecting all students and staff.

BULLYING

Bullying committed by a student toward another student or students is strictly prohibited.

What is Bullying?

Bullying can take many forms including slurs, rumors, name-calling, jokes, innuendos, demeaning comments, cartoon drawings, pranks, gestures, physical attacks, threats, stalking, physical or other intimidation, hazing, other written or electronic text messages, social media posts, emails, and verbal or physical actions. For purposes of this rule, bullying is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner including electronically or digitally, physical acts committed, aggression, or any other similar behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:

- places the targeted student in reasonable fear of harm to the targeted student's person or property;
- has a substantially detrimental effect on the targeted student's physical or mental health;
- has the effect of substantially interfering with the targeted student's academic performance; or
- has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

This rule applies regardless of the physical location of the bullying behavior, when a student commits bullying behavior, and if the targeted student attends Porter Township Schools. This extends to bullying through computers, computer systems, or a computer network.

Reporting Bullying Behavior

Students are encouraged to report bullying conduct as soon as possible. Any student or parent who has knowledge of conduct in violation of this rule or any student who feels he/she has been bullied in violation of this rule should immediately report the conduct to the Principal. A student or parent may also report the conduct to a teacher or counselor with whom he/she is comfortable. That teacher or counselor will then relay the report to the Principal. The report may be made anonymously, however the ability of the Principal to investigate and take corrective action may be limited if the person making the report cannot be further questioned.

NOTE: All administrators, teachers and other staff members are to immediately report observed instances of bullying and/or information regarding bullying behavior to the Principal. This rule applies regardless of the physical location of the bullying behavior, when a student commits bullying behavior, and if the targeted student attends Porter Township Schools. This extends to bullying through computers, computer systems, or a computer network.

Investigation of Report

The Principal or an administrator designated by the Principal will immediately investigate all such reports of bullying which may include questioning students, staff and others. As information is obtained, the Principal will report to conduct to local law enforcement as appropriate. The parents of the bully and the targeted student(s) will be notified within the week of the receipt of the report of the alleged conduct and then on a periodic basis as to the progress and the findings of the investigation, and of any remedial action that has been taken.

Consequences

Where bullying behavior is substantiated through the investigation, the Principal will take action appropriate to address the bullying conduct and to prevent further bullying, such as disciplinary action including suspension and/or request for expulsion, counseling and follow-up counseling or other support services and education for the students involved, and referral to law enforcement.

False Reporting

False reporting of bullying conduct by a student is a violation of this rule and will result in any appropriate disciplinary action or sanctions. False reporting includes a situation when a student makes a report knowing or having reason to believe that the information is not true. It could also be a situation where the reporting student leaves important information out of the report or gives misleading information. A student who makes a report in good faith based on information the student does not know to be false, is not committing false reporting.

CONFIDENTIALITY

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations.

BRINGING INAPPROPRIATE ITEMS TO SCHOOL

The building principal or the classroom teacher may confiscate any items which are inappropriate and retain said items until the end of the school year. Further, any item(s) confiscated will only be returned to the parent(s) of the child from whom said item(s) was/were confiscated.

ELASTIC CLAUSE

The school administration will set up fair and reasonable rules and expectations for circumstances that may need action not covered in this handbook. Rules, expectations and consequences will be consistent with similar previously settled incidents considering the reasons identified. Items omitted from this handbook should not limit the scope of the school's responsibility or authority in dealing with any misbehavior that may not be in the best interest, safety or welfare of students.

These rules apply to any student on their way to and from school, on school property, present at school, attending any school activity, using school networks, accounts or other services and whose misbehavior at any time or place may interfere with the operations, discipline, or general welfare of the school, students, and staff.

Copyright is the exclusive right that protects an author from having his/her work published, recorded, distributed or reproduced, without the expressed permission of the copyright holder. Owning a specific piece of software is not the same as owning the copyright on that software.

INTERNET POLICY

In making decisions regarding student access to the Internet, the Porter Township School Corporation considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the Internet enables students to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The district expects that faculty will blend thoughtful use of the Internet throughout the curriculum and will provide guidance and instruction to students in its use. As much as possible, access from school to Internet resources should be structured in ways which point students to those which have been evaluated prior to use. While students will be able to move beyond those resources to others that have not been previewed by staff, they shall be provided with guidelines and lists of resources particularly suited to learning objectives.

Outside of school, families bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media.

Students utilizing district-provided Internet access must first have the permission of and must be supervised by the Porter Township School Corporation's professional staff. Students utilizing school-provided Internet access are responsible for good behavior on-line just as they are in a classroom or other areas of school. The same general rules for behavior and communications apply.

The purpose of district-provided Internet access is to facilitate communications in support of research and education. To remain eligible as users, students' use must be in support of and consistent with the educational objectives of the Porter Township School Corporation. Access is a privilege, not a right. Access entails responsibility.

Users should not expect that files stored on the school-based computers will always be private. Electronic messages and files stored on school-based computers may be treated like school lockers. Administrators and faculty may review files and messages to maintain system integrity and ensure that users are acting responsibly.

The following uses of school-provided Internet access are **not** permitted:

1. to access, upload, download, or distribute pornographic, obscene, or sexually explicit material;
2. to transmit obscene, abusive, or sexually explicit language;
3. to violate any local, state, or federal statute;
4. to vandalize, damage, or disable the property of another individual or organization;
5. to access another individual's materials, information, or files without permission; and,
6. to violate copyright or otherwise use the intellectual property of another individual or organization without permission.

Any violation of district policy and rules may result in loss of district-provided access to the Internet. Additional disciplinary action may be determined at the building level in keeping with existing procedures and practices regarding inappropriate language or behavior. When and where applicable, law enforcement agencies may be involved.

The Porter Township School Corporation makes no warranties of any kind, neither expressed nor implied, for the Internet access it is providing. The district will not be responsible for any damages users suffer, including - but not limited to - loss of data resulting from delays or interruptions in service. The district will not be responsible for the accuracy, nature, or quality of information stored on district diskettes, hard drives, or servers; nor for the accuracy, nature, or quality of information gathered through district- provided Internet access. The district will not be responsible for personal property used to access district computers or networks or for district-provided Internet access. The district will not be responsible for unauthorized financial obligations resulting from district-provided access to the Internet.

Parents of students in the Porter Township School Corporation shall be provided with the following information:

1. The Porter Township School Corporation is pleased to offer its students access to the Internet. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This computer technology will help propel our schools through the communication age by allowing students and staff to access and use resources from distant computers, communicate and collaborate with other individuals and groups around the world, and significantly expand their available information base. The Internet is a tool for life-long learning.
2. Families should be aware that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. In addition, it is possible to purchase certain goods and services via the Internet which could result in unwanted financial obligations for which a student's parent or guardian would be liable.
3. While the district's intent is to make Internet access available in order to further educational goals and objectives, students may find ways to access other materials as well. Even should the district institute technical methods or systems to regulate students' Internet access, those methods could not guarantee compliance with the district's acceptable use policy. That notwithstanding, the district believes that the benefits to students of access to the Internet exceeds any disadvantages.
4. Ultimately, however, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Toward that end, the Porter Township School Corporation makes the district's complete Internet policy and procedures available on request for review by all parents, guardians, and other members of the community; and provides parents and guardians the option of requesting for their minor children alternative activities not requiring Internet use.

NOTICE: This policy and all its provisions are subordinate to local, state, and federal statutes.

Porter Township Schools is constantly striving to improve communication between the home and school. For this reason, the district has invested in a student information system that provides a parent portal providing access to the students' grades anytime the parents feel the need to check. Parents may access the parent portal through the Harmony Student Information System to review their child's grades anytime through the year. It is important for parents to remember that there is roughly a five (5) day delay from the time an assignment is turned in and the grade appears for their review. Parents without access to the internet should request a progress report from the teacher and one will be sent home.

SAFETY AND SECURITY

The safety and security of our students, faculty, and staff during the normal school day and at school-related events beyond the normal school day is our priority.

Parents, students, and the community at-large should correctly see that our schools are a safe and engaging learning community. Our schools have developed and rehearsed many advanced safety and security measures and precautions to help ensure the safety of all students. These measures and precautions, along with School Messenger notice should provide students, parents, staff and the community with comfort in the safety and security of students.

Our schools should be fear-free; however, if there are times of concern, students or parents should contact the proper teacher, counselor or principal immediately. Students who see inappropriate behavior in these areas should report them immediately to a teacher or the principal.

Parents and students who learn of inappropriate behaviors or actions should also report them immediately to the school office. Active parent involvement in the security and safety of students is essential. The school must know of concerns to resolve concerns at school. When in doubt, report any possibly dangerous or concerning information to the school.

If a threat or an incident occurs, our schools have rehearsed safety procedures to provide for the safety of students as well as for safe evacuation of the building if needed.

SIGN IN

Students must sign in at the office when returning to school for any reason. Students late to school risk being marked absent or tardy.

SIGN OUT

Students must be signed out by an approved adult in the main office to leave the building during the school day. Drivers picking up students should report to the office and sign students out.

VISITORS AND SCHOOL SAFETY CHALLENGES

The School Board understands that parents or other persons with legitimate educational purposes may visit the school; however, in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls.

The School Board understands that parents or other persons with legitimate educational purposes may visit the school; however, in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls.

All visitors requesting access to areas outside of the main office must obtain prior approval from the building administrator. Requests must be made at least 24 business hours in advance.

The Superintendent or principal has the authority to prohibit the entry of any person to a school of this Corporation or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Arrangements must be made with the teacher in advance the bringing of treats, toys, and "show and tell" items to assure no unexpected disruptions.

Parents who are employed by the school but not working at the time, are considered visitors. Parents and the public who hold elected offices are considered visitors.

School doors are locked at all times. All visitors are required to provide a valid driver's license upon entry into a building. Visitor information will be entered into the Raptor Visitor Management System for access approval and they must sign in and out at the main office or at the location designated by the individual school building. After being properly identified, their credentials verified, and the reason for their visit documented and approved, each visitor will receive a visitor identification badge that must be worn throughout their visit. Please note that school personnel are authorized to refuse entry to any person. Any person denied entry to the school will be asked to immediately leave school property. Within 48 hours of such denial, a school administrator and/or the school resource officer will conduct an investigation of the occurrence.

For the safety of our students and staff, any person in the school building without a visitor identification badge may be considered to be trespassing and/or potentially dangerous to the security and safety of students. Our schools have developed advanced and rehearsed lock down procedures if an intruder is to enter the building. These measures are to protect the safety of students, teachers, and staff.

- b. In determining whether a student is disabled under Section 504, the Conference Committee must conclude that:
 - i. The student has a physical or mental impairment.
 - ii. The presence of the physical or mental impairment substantially limits one or more major life activities.

RESPONSE TO INTERVENTION (RTI)

Porter Township's Response to Intervention is an initiative to address the revised Article 7 of the Indiana Administrative Code. Article 7 defines how children are identified for special education. In particular, you may hear the terms "Tiers of Instruction" or "Response to Intervention" (RTI). The primary purpose of Porter Township's Response to Intervention is not special education eligibility determination, though that may be a possible outcome. This process is used to identify students who do not respond adequately to intervention or who need ongoing intensive intervention to experience success and sustain growth. This process is also briefly explained in the elementary handbook.

If the data collected indicates that a child is struggling in math or reading, s/he may be provided with an extra boost of instruction. This extra instruction will be referred to as Tier 2 or 3. (Tier 1 is the core curriculum used with all students in a particular grade level.) Please know that at any time special educators may also be involved with students in Tier 1, 2, or 3.

If the data shows that your child would benefit from additional interventions, you will receive notification. This notification will indicate that your child is working in a tier group. This additional instruction will take place during the regular school day. If you receive this notification, please do not be alarmed. While this process may help us to identify children as needing assistance in special education, it does not mean that we think your child needs special education. It

is a good thing that your child is receiving extra help when the need is first identified instead of waiting until a child is far below grade level. As always, do not hesitate to ask if you have a question.

Finally, while Porter Township's Response to Intervention instructs the educators to provide additional interventions to students that are struggling, parents with concerns may still talk to the counselor, your child's teacher, or the principal to ask for an evaluation to determine eligibility for special education and related services.

Porter Lakes Elementary School: Students are permitted to ride their bicycles to school; however, for safety purposes, students must walk their bicycles onto school grounds.

Boone Grove Elementary School: For safety purposes, students are not permitted to ride their bicycles to school.

Bus Information:

If a student needs to ride a different bus home, a note from the parent/guardian is required by the school office in advance.

Walkers:

Students classified as "walkers" are to bring a note signed by a parent or guardian to be kept on file at the school. Students must use established crosswalks and paths.

Students who need to walk home occasionally must bring a note signed by a parent or guardian on a per-occasion basis and given to the teacher and office.

Mid-Day Dismissal:

If you know in advance that you will take your child out of school during the day, please send a note to your child's teacher notifying him/her of the date, time and reason for early departure. If someone other than the parent or guardian is to pick up a student, the office must be contacted via telephone or a note in advance by parent or guardian.

In the interest of child safety, if a student is to be picked up at any time other than normal dismissal time, he/she must be signed out in the office by the parent or authorized person.

End of Day Dismissal:

We try to accommodate the needs of parents and students. Special requests need to be communicated in a timely manner to ensure that school personnel have every student where they should be at dismissal. If students need to alter their normal departure procedure, the school office or teacher must be notified via parental note or parental telephone call by **2:00 p.m.** of the first affected day. Otherwise, the students will follow their normal departure plan. Notes should be dated, include student's full name and teacher's name, plus specify how student should go home.

All students who are not riding the bus are to wait in their designated area(s) until directed to dismiss. Parents/guardians are to wait outside the designated area(s).

Notes:

Please be aware that the "regular dismissal" for students is to ride a bus home. If your child will be a car rider every day, we will need a note at the beginning of the school year stating this change in dismissal. Any change in daily dismissal must be accompanied by a note. The office receives many, many notes each day, and everyone is logged into the computer. This communication is very important. It is necessary to include specific information on your notes.

AFTER SCHOOL ACTIVITIES

At Teacher/Principal Request: Occasionally it may be necessary for a student to remain after school for disciplinary reasons. Parent/Guardian will be notified of the date and time to pick up his/her child.

Clubs, Sports, Programs, and Activities: Students participating in after school sports, Brownies, Scouts, clubs, etc. must bring in a signed parent permission note to their teacher before they can stay. The teacher will submit the note to the main office. Notes are required each time a student stays for an after school event. Notes should be dated, include student's full name and teacher's name, plus specify how student should go home.

Children may not remain after school waiting for non-school related activities to begin without a parent or guardian present. Students may not return to the building without a parent/guardian.

GENERAL INFORMATION

Book Rental and Fees:

Prior to the start of each school year, all buildings schedule a Registration Day where parents are invited to come to the buildings to pick up all paperwork, schedules, and pay their book rental and fees for the year. The amount of each child's book rental and fees is based upon the child's class/course assignment or selection. Each book used in each class has a specific cost and the State of Indiana regulates the cost of the rental fee per year. In addition, some classes have a laboratory fee to cover the additional expenses of these specific courses as well as consumable items such as workbooks that are assessed at the retail cost. Registration information may be sent home for parents to review, revise, and return to school. Parents may pay for book rental and fees by cash, check, or credit card.

Bookstore:

Limited supplies are available in the bookstore.

Food Service Procedures:

The mission of the Food Service Department of Porter Township Schools is to prepare and serve nutritious and appealing meals that meet the dietary guidelines of the Federal Government. These meals will be served to students, staff and community in a positive and cheerful manner, maintaining financial soundness and contributing to the quality and excellence of a student's educational experience.

A closed campus is observed for student lunch except for special school sponsored occasions. Hot lunches are served in the school cafeteria. Extra milk and juice may also be available for purchase by students.

- If a student brings food to be shared for any reason, the food must be store bought and individually wrapped and approved by the principals.
- NO CHARGES ala-cart items will be allowed. No child will be denied a full meal, all charges to a cafeteria account are the responsibility of the parent/guardians.
- .NO FAST FOODS OR SOFT DRINKS from fast food restaurants (EX: NO McDonald's).

Parents of students who are unable to consume a particular food item because of medical or other special dietary needs may request substitution by contacting the.Food Service Director.

Parents who have made arrangements to eat lunch with their child must report to the office to sign in and get a "VISITOR" sticker before going to the cafeteria. **Contact the main office to make arrangements for the visit and an adult lunch 24 business hours prior to the visit.**

Lost and Found:

All articles found in or near the school should be turned in at the school office. All articles of clothing, books, school bags, lunches, etc. should be marked clearly with the child's name and grade level. Articles will be held for 30 days; after which time they will be given to a charitable organization.

Field Trips:

Field trips are planned educational activities for the enhancement of curriculum, and all students are expected to participate. Students who return a signed permission slip will be allowed to attend. If a permission slip is not returned, the student will attend school and complete assigned work until his/her class has returned from the field trip. Students are to follow the directions of adults supervising on the trip. Students participating in a field trip will ride the school bus with their classmates unless special arrangements have been made with the principal and teacher. Regular school rules are to be followed. (Students may be excluded as a disciplinary action but school attendance will be required.)

Homework Policy:

According to Porter Township School Corporation policy, homework is an out-of-school assignment that contributes to the educational process of the student. It should be an extension of class work and should be related to the objectives of the curriculum presently studied.

Homework should fulfill the following purposes or objectives:

1. Review, reinforce, or extend classroom learning by providing practice and application of knowledge gained.
2. Help students take responsibility and use organizational skills.
3. Promote wise and orderly use of time.
4. Encourage a carry-over of worthwhile school activities into permanent career and leisure interests.
5. Provide opportunities for broad enrichment activities.

While homework provides an opportunity for parents to cooperate with students in the learning process, it should not be so difficult, excessive or complex that parental assistance is required or necessary.

The following is a time guideline for working on homework for an average ability student:

- 30 minutes per night for Grades 1 & 2
- 45 minutes per night for Grades 3 & 4
- 60 minutes per night for Grade 5

Open ended assignments such as science experiments, projects, reports, etc. may be given periodically to enrich the child's classroom learning experience. Since these projects are of an independent nature, the above time schedule may be extended.

Physical Education:

For their safety, students must wear gym shoes on the day their class is scheduled for P.E.

A doctor's note must accompany any student who has been unable to participate in P.E. classes for more than one (1) class period. Any student requiring restricted participation in P.E. class must have a doctor's release to resume participation provided to the Principal.

Recess:

Normally, outside recess will not be held if the outside temperature or wind-chill is 10 degrees Fahrenheit or below. However, the wind chill factor, playground conditions and other pertinent information will be taken into consideration by school personnel in deciding whether recess will be held inside or outside. Children should come to school prepared for outdoor recess each day.

Students needing to stay in for recess for a period of more than one day must have a doctor's excuse provided to the teacher.

Student Assistance Personnel: Each elementary school has a Student Advisor on designated days of the week to assist students with social, educational, or emotional concerns related to their school performance. Students and parents may request to meet with the Student Advisor.

Pets: Pets may not be brought to school without the prior permission of the teacher and the principal

Reporting Student Absence:

Porter Township Schools is concerned with the safety and whereabouts of your school age child. When children are not in school, we assume they are at home. For the safety of your child, we ask that parents/guardians call the school office **by 9:00 a.m.** informing us of your child's absence and the reason and length of time he/she will be absent. Students who have been absent from school should not return to an after- school activity. Exceptions to this rule will be at the discretion of the Principal. If the school was not contacted at the beginning of your child's absence, we ask that a note be sent indicating the reason and date of absence, upon the child's return to school. A parent or guardian signature is required unless you are providing a written doctor's excuse.

If the absence was caused by a contagious disease, a doctor's note is required when the student returns.

Missed Assignments:

Students may make up work missed during absences for full credit. They will have one day for every day missed to complete the work. When parents call to report a student absent, **the request for homework must be made at that time – before 9:00 a.m.** Assignments may be picked up at the end of the day or sent home with a designated student. If the assignments are not completed, this privilege may be revoked. In case of suspension, make-up work will be at the discretion of the teacher. In the case of an expulsion, make-up work will not be allowed.

REPORT CARDS/ACADEMIC PROGRESS

Report Cards:

Parents of students in Grades 1-5 will be emailed report cards following the end of each nine-week grading period. There are four nine-week grading periods each school year.

Progress Reports (Grades 1-5):

Porter Township Schools is constantly striving to improve communication between the home and school. For this reason, the district has invested in a student information system that provides a parent portal access to the students' grades anytime the parent feels the need to check. Parents may access the parent portal through the Harmony Student

Information System to review their child's grades anytime through the year. It is important for parents to remember that there is roughly a five (5) day delay from the time an assignment is turned in and the grade appears for review. Parents without access to the internet may request a progress report from the teacher and one will be sent home.

Promotion, Assignment, and Retention:

Promotion or retention of students is a matter of appropriate placement of students in a class where they may learn most effectively. Students will be placed at the appropriate level of instruction at which they can function with due consideration being given to their educational, social, and emotional needs. Promotion occurs when a student is completing the caliber of work required to demonstrate attainment of the grade level’s curriculum. Retention occurs when a student is not achieving the caliber of work that indicates the student should be promoted to the next grade. Early in the second semester, the teachers will contact parents regarding the possibility of retention if a child is producing work that is below grade level. In some cases, an additional year of reinforcing the academic skills can offer a child confidence, maturity, and a sense of well-being that is necessary for the child’s educational achievement. Students who have not attained their grade level’s curriculum and retention is not a viable option, may be assigned rather than promoted to the next grade level. Final decisions on student promotion, assignment, or retention rest with the building principal.

Public Law 109 requires the evaluation of reading skills for students who are in third grade beginning in the spring of 2012. This legislation was created to ensure that all students can read proficiently at the end of grade three. In response to Public Law 109, educators from across the state worked with the Indiana Department of Education to develop a test blueprint and to review test questions that have now become the **Indiana Reading Evaluation and Determination (IREAD-3) Assessment**. The intent of Public Law 109 is to ensure every student has the opportunity for future success through literacy. The results will have a positive effect on our entire state as the need for remedial education in middle and high school is reduced and dropout rates and juvenile delinquency are lowered. In addition, Public Law 109 will help Indiana develop the highly skilled workforce needed for a strong economy.

Some third graders who do not pass IREAD-3 can be exempted from the consequences outlined in State Board Rule. Students eligible for a Good Cause exemption include:

1. Students who have previously been retained two times prior to promotion to fourth grade.
2. Students with disabilities whose case conference committee has determined that promotion is appropriate.
3. English Learners (ELs) whose individual Learning Plan (ILP) committee has determined that promotion is appropriate.

PORTER TOWNSHIP ELEMENTARY SCHOOL BEHAVIOR CODE

As educators, it is important that we provide a safe environment that is conducive to learning for your child. We expect respect of self, respect of others, and respect of property. We, as role models, work to instill good behavior in students. We spend time each school year building relationships and providing guidance to students about proper behavior in a cooperative learning environment. We encourage students to follow specific procedures in all areas of the school.

PROCEDURES

Classroom Procedures:

Each classroom teacher establishes procedures at the beginning of the school year with students. The classroom procedures will be explained to parents at Open House.

Hallway Procedures:

Students are to walk quietly and in an orderly manner in the hallways when classes are in session. Hats are removed upon entering the building. Students are to follow the directions of their teachers when traveling in the hallway from one area to another.

Cafeteria Procedures:

The lunch period is a relaxed period of time when students may be social but practice behavior and manners which are not offensive to anyone. The following expectations are emphasized:

1. Students are to use calm, quiet voices and remain seated.
2. Students are to listen and obey the lunchroom supervisors.
3. Students are not allowed to bring soda pop or gum to school as part of their regular noontime lunch.
4. Students are not to trade food or beverages.
5. Parents should not bring soda pop or fast foods to the cafeteria when dining with their child.
6. Students are not to take food, drinks, or containers out of the café after lunch.
7. Students are not to leave the cafeteria during lunch period without permission.

Playground Procedures:

Everyone is to take care not to endanger themselves or bring harm to others.

1. All playground equipment shall be used for its intended purpose.
2. Student-organized games shall be played in areas separate from others (i.e. soccer in the grass, etc.).
3. Children are not to re-enter the building from recess without permission from the duty person.
4. Food and drinks are not permitted on the playground.
5. Inclement weather poses extra danger so students must be more careful and follow special rules which are:
 - a. No snowballs, slush or ice kicked or thrown.
 - b. No sliding on ice.
 - c. Dress must be appropriate for snow conditions, i.e. snow boots, coat, hat, gloves and snow pants.
6. At the signal, all children on the playground are to line up quickly, quietly, and in an orderly manner.

Convocation Procedures:

Students are to treat speakers or performers with courteous attention. Applause is the way to show appreciation or pleasure for the performer and/or performance.

Student Dress:

We believe classrooms are centers of learning and that good grooming and appropriate attire have a positive effect on student behavior. A student's apparel or grooming must not interfere with the educational process, create an actual or potential health or safety hazard, or cause damage to school property. Parents will be notified of infractions, if and when the principal deems a student's dress is inappropriate.

Some examples of infractions include but are not limited to: tank tops (unless worn over a T-shirt); make-up; pajamas, short shorts; running shorts; halter tops; "Spandex" clothing; half T-shirts; low rise pants; clothing with suggestive or obscene language on it; clothing which exposes underwear, midriff or which is of a see-through nature; clothing that is ragged or torn or dirty; clothing which advocates or advertises the use of illegal drugs, alcohol or tobacco; heavy chains worn as necklaces, open-sided shirts or shorts that are extremely loose to the point of revealing; no open toed shoes, sandals, or flip-flops. Hats, headgear, coats, and sunglasses are not appropriate for use inside the building. Students are not allowed to walk around the building in their socks, so shoes must be provided when students wear boots to school. Gym shoes with rollers are not permitted.

DISCIPLINARY ACTION

We expect all actions to be taken in such a way so that no harm will result to either person or property. If a child physically or verbally abuses others, destroys or defaces school property, or disrupts the educational process of our schools, he/she will be disciplined. This includes cheating and plagiarism on school assignments.

Academic Dishonesty, Cheating, and Plagiarism:

Academic dishonesty, cheating and plagiarism is defined as one student copying answers from another student or a student copying information in such a way that the work is not the student's original work. This applies to any type of student work and the use of such aids as cheat sheets, electronic devices, etc. This policy applies equally to the person or student who allows his/her work to be copied. All work should be completed in the student's handwriting.

Plagiarism is the act of taking and using as one's own work another's published or unpublished thoughts, ideas, and/or writings. This definition includes computer programs, internet articles, drawings, artwork, and all other types of works which are not one's own. (See High School Section for more details on page 54.)

Consequences:

1st Offense: Redo the paper/project/assignment with a loss of 1 letter grade.

2nd Offense: Loss of all credit for the paper/project/assignment.

The primary disciplinarian of the student is the immediate adult in charge of the situation. This action will begin the process of discipline that might include one or more of the following:

- Verbal conferencing with teacher and/or principal
Reprimands and removal from situation
- Minimal loss of privileges
- Isolation from other students

- Note or phone call to parent
- Conference with parents
- Loss of special privileges such as field trips
- Restitution
- Removal from bus riding privileges
- In-school suspension
- Out-of-school suspension
- Expulsion from school

The building principal or designee will make the final decision regarding in-school and out-of-school suspension and other forms of discipline, including a recommendation for expulsion.

BUS DISCIPLINE AND PROCEDURES

The use of a school bus as transportation to and from school is a privilege. It is, therefore, subject to loss if the misconduct of any rider so warrants. The bus conduct rules are specifically formulated for safety and good personal conduct; therefore, good behavior is expected of all. Any questions concerning transportation should be directed to the bus service at 219-464-3899.

Students should arrive five (5) minutes before scheduled pick-up time. All boarding stations are subject to change. A 48-minute difference in the beginning and ending of elementary and high school requires both students and drivers to be punctual. Cooperation by all is essential.

The bus driver will wait a reasonable amount of time for a child to enter the bus. Parents are responsible for making sure that their child(ren) are ON TIME and waiting at their designated stop five minutes before the bus is scheduled to arrive. If a child is not riding the bus, the parent should contact the bus barn at 219-464-3899 or wave the bus driver on (to keep on going).

It is very important for parents to make available to the bus company or school emergency contact information. It is the parent's responsibility to provide to the bus company an alternative address to which their child(ren) may be taken in case of emergency. **PARENTS:** If you know that you will not be home when your child(ren) is dropped off, make sure your child(ren) knows what to do when coming home to an empty house. If parents are not at home the bus driver **MUST** have an alternative address because children will not be returned to the school.

Due to bus capacity and safety, students will be permitted to ride alternate routes with prior approval from the building principal or his/her designee. The number of riders will be limited to bus capacity. A permission slip is required when a child is to board or depart the bus at an alternate stop.

The bus driver is responsible for bus discipline. The driver has full authority to handle all problems that arise on a school bus just as a teacher has in the classroom. Bus drivers may suspend a student's bus service for one day for infractions of any rules. The following rules and regulations will be followed:

1. Students are to be COURTEOUS AND COOPERATIVE at all times.
2. Sit in assigned seat immediately upon entering the bus. Remain in the assigned seat until the bus has come to a complete stop at your departure point.
3. Teasing, loud voices, profanity, or indecent conduct will not be tolerated.
4. Students will keep hands, feet, and all objects to themselves. They will not use their body or objects in an objectionable manner, nor will they throw objects out the window.
5. **FOOD, GUM, AND OR BEVERAGES ARE NOT TO BE CONSUMED ON THE BUS.**
6. Use and/or possession of tobacco, alcohol, drugs, firearms, knives, fireworks, and any instrument/object considered to be unsafe are forbidden.
7. Vandalism will not be tolerated. Parents will be responsible for restitution.
8. **NO PETS, LARGE PROJECTS OR GLASS CONTAINERS** are permitted.
9. Any student wishing to use alternate bus routes must have a signed permission slip (by parent or guardian) turned into the school office by 9:00 a.m. on the day of the needed service. The signed note should then be given to the bus driver.

Consequences:

First Offense - Driver will confer with student as a warning.

Second Offense - Anecdotal (misconduct) report will be sent to parent and a copy will be sent to the principal. Parent must sign and return the report to the bus driver within two school days of anecdotal receipt. If not signed and returned within the designated time frame, the child will lose riding privileges until it is returned.

Third Offense - Riding privileges may be suspended for up to three days.

Depending upon severity or recurrence of infraction, riding privileges can be eliminated up to the remainder of the semester at the discretion of the school administrator.

Severe infractions, such as but not limited to fighting, injuring others, or physical damage to the bus or personal property, may warrant immediate suspension from riding the bus, thus bypassing the normal set of consequences.

OTHER SPECIAL SERVICES

The following services are offered to those students who meet eligibility criteria:

BOONE GROVE MIDDLE SCHOOL

BOONE GROVE MIDDLE SCHOOL SUPPLEMENTAL SECTION

PRINCIPAL

Robert Lichtenberger

BOONE GROVE MIDDLE SCHOOL MISSION:

To ensure the lifelong academic, social, and career development of all students in becoming responsible and valued citizens.

ACADEMIC INFORMATION: *Grades: Teachers use the following letter names for student assessment.*

A+	100%	4.0 GPA
A	93% - 99%	4.0 GPA
A-	90% - 92%	3.67 GPA
B+	87% - 89%	3.33 GPA
B	83% - 86%	3.00 GPA
B-	80% - 82%	2.67 GPA
C+	77% - 79%	2.33 GPA
C	73% - 76%	2.00 GPA
C-	70% - 72%	1.67 GPA
D+	67% - 69%	1.33 GPA
D	63% - 66%	1.00 GPA
D-	60% - 62%	0.67 GPA
F	0% - 59%	0.00 GPA

Grading Formula: Each teacher will determine his/her students' grades for each progress report, quarter and semester. Each nine-week quarter is 50% of the semester mark.

For students taking Algebra I Honors, the teacher will use the following formula for deciding the semester grades: each nine-week grade counts 3/7 of the semester grade. The semester exam will count as 1/7 of the semester grade.

High Ability Class Grade Expectations:

A student in High Ability (HA) Classes must maintain a grade of B- or better on all REPORT CARDS to remain in HA classes. Failure to do so could result in removal from the HA class in which the unsatisfactory grade was earned and will require a schedule change. Once a student is removed from a HA class, they cannot return to that HA subject until the following year at the recommendation of the teacher. A student in High Ability classes will sign a paper, along with their parent or guardian indicating they were informed that they have been placed in at least one HA class and that they are clear about the expectations of the class. This form must be returned to the HA teacher within the first 5 days of classes.

Changing Classes: Students cannot withdraw from a class, or make class changes without signed approval of the principal in consultation with staff. Withdrawals and changes in classes are rare and only for legitimate reasons.

Honor Roll: A "4.0" High Honor Roll List and a "3.0 or Higher" Honor Roll is identified at the end of each quarter. To be on the "4.0" High Honor Roll, a student must have "4.0" in all subjects taken. For either honor roll determination, grades of C or higher in Algebra I Honors (a high school level class) count as 1/3 grade higher than the reported grade for that class (example: grade B- would go up to a B). The "3.0 or Higher" honor roll is for students who have a grade point average higher than 3.0

Academic Integrity: Honest assessment of student progress demands honest work by each learner. Academic dishonesty (cheating) occurs when students get or help others in doing work which is not their own. Students should not use dishonest methods to fulfill academic responsibilities. If a teacher finds that a student has been dishonest (cheated) the teacher will assign a zero or failing grade for the academic work involved. The teacher will document this misbehavior in the student's discipline record. All instances of cheating by the student may be subject to disciplinary action.

Consequences: Zero on assignment and discipline up to detention

Examples of academic dishonesty are, but not limited to:

1. Communicating with another student during a test.
2. Copying from another student's test or quiz.
3. Putting your name on another student's work

4. Using unauthorized notes or materials during a test or quiz.
5. Getting information about a test or quiz without the consent of the teacher.
6. Plagiarism (Turning in a paper or project which, in part or whole, is not the student's own work.)
7. Copying another person's assignment or allowing someone to copy one's assignment unless allowed by the teacher.
8. Copying or using data created by another student.
9. Preparing notes used for cheating on a test or quiz.
10. Getting too much help from a parent or others to limit unduly the ability of the student to learn.

Retention: The academic team will closely monitor the progress of students. If a student fails multiple core academic subjects at the end of the first semester, the possibility of retention will be considered and parents will be notified. A committee consisting of the academic team, the counselor, the administration, and parents will meet during the second semester to discuss possible retention. The final decision for retention rests with the building principal.

To take part in a practice or event, the student must attend four (4) or more class periods that day. If the practice or event falls on a non-school day, the student must have attended at least four (4) class periods the previous school day.

Eligibility: To take part in extracurricular/ athletic activities the student:

1. Must be a student in good standing at Boone Grove Middle School.

Should there be a mid-term or report card date before the end of the sport season (last contest) or the clubs program/activity for that nine weeks, the student/athlete could earn the right to participate if his/her grades are all passing. Grades when issued will impact eligibility until the next progress or grading report.**
6. Eligibility in sixth grade is determined by the first progress report grades earned. Final quarter grades of the previous school year will decide the eligibility for 7th and 8th grade Fall Programs.

School begins: 7:15 a.m.

Two (2) Hour Delay: School Begins: 9:15 a.m.

ATTENDANCE

Boone Grove Middle School stresses the value of regular attendance in helping students benefit from the school's education programs. Law places responsibility on each student to attend school daily and on each parent to send their child to school daily.

Attendance Philosophy: Attendance is essential to higher levels of achievement by students. Boone Grove Middle School expects each student to be present in every period each school day. Parents and students have a shared responsibility for good attendance and should schedule medical and dental appointments, personal business, and vacations outside school hours and when school is not in session.

Calling in Absences: Parents should call the school before 8:00 a.m. the day of a student's absence. Office hours are from 6:45 a.m. to 3:15 p.m. every regular school day.

Absences: Defined as missing more than the first five (5) minutes of a class period, any portion of the period thereafter, a full period, or more.

- For the purposes of credits and grades, absences are tabulated per period.
- *Students with a combined total of more than ten (10) unexcused absences risk becoming an attendance failure, and/or being expelled from the school.*

eLearning Instructional Day Attendance:

eLearning day work is to be turned in before 7:15 AM the day following a scheduled eLearning day or as teacher directed. If work is not turned in on time, the student will be counted as absent for that class and that student will lose the opportunity to participate in the next scheduled eLearning day at home. Also, it will be counted as late work and will be graded as such. See "Classwork Expectations" for more information.

Students who lose the opportunity to participate in the next eLearning day at home, will be required to come to school on the elementary school bus, or have their parents bring them in to school by 8:30 AM on the next scheduled eLearning day. They will remain at school from 8:30 AM – 3:20 PM and be responsible for completing all work during the school day while being supervised by staff. A consequence will be issued by the principal if a student does not attend this required "in person" day. Students will be allowed to ride the elementary bus home unless that privilege has been taken away from them. Should they not complete their May eLearning day assignments, they will be issued a Saturday school to complete their work. The completion of the work after the due date does NOT negate the loss of being able to work from home on the next eLearning day.

Days of Attendance: The following absences will not count as an absence provided written verification is presented upon the student's return to school:

- Service on an election board or as a political helper on election days only.
- Court summons, probation or legal appointments (allowing for the appointment and travel time only).
- Legislative page duties.
- Other – may be at Administrator's discretion.

Excused Absences (EXC):

- A. Death or funeral
- B. Emergency illness or injury within the family.
- C. Job shadowing.
- D. Family vacations.
- E. Medical or dental appointments (verification must be with a medical office note).
- F. Parent-excused absences (verified by phone call or parent note).
- G. Sent home by the school nurse.
- H. Administrator's discretion.

Such absences count toward the Attendance limit of ten (10) absences per semester.

Unexcused Absences (UNX): Any absence not listed under the Excused Absence category. Such absences count toward the Attendance limit of ten (10) absences per semester. Work assigned during unexcused absences may receive credit.

Field Trips (FTR): Field trips are designed to enhance classroom instruction and are not considered an absence.

- A charge may be required.
- Prior to the trip, students are required to submit to the sponsor/teacher a parent-signed permission slip regardless of the student's age.
- The school's or function's dress code must be followed. Students who do not comply will remain at school.
- All work due on the day of a field trip must be turned in prior to the student's departure (teacher's discretion may allow a variance).
- Students should make arrangements with the individual teacher for work missed.

Pre-Arranged Absence Forms: A pre-arranged absence form is required for specific absences, i.e., family vacations. Forms must be signed by all teachers and turned into the Middle School office prior to the absence.

Tardy Policy: A student is tardy if he/she is not in the assigned room when the bell begins ringing to start class and misses less than the first five (5) minutes of class. This includes the Academic Advisory period/Home Room.

- Lateness without a pass will be considered a tardy.
- A student who has a pass from a member of the educational staff will have his/her tardiness excused.
- Tardies will be cumulative for all classes. The cumulative record of tardies will be maintained in the office (Harmony).

Consequences (Per Semester): Every Step will be logged into Harmony

- 1st - Verbal Warning given by Teacher
- 2nd – Lunch Detention issued by Principal
- 3rd – Lunch Detention issued by Principal, Phone call and email to guardian by office staff
- 4th – ASD issued by Principal, Phone call and email to guardian by office staff

- 7th – 1 day ISD issued by Principal, Phone call and email to guardian by office staff

Textbook Rental Rebates: If a student's schedule changes before the first day of school, adjustments are made to the textbook rental fee.

Requirements for eLearning students:

- Parents will place students in eLearning as permitted by the administration .
- In order for students to participate in the elearning option, they must have a consistent and reliable internet connection. Lack of connectivity may result in a requirement to attend in person.
- Students must be passing all classes. This will be monitored throughout the semester by grading period and mid-terms.

- Any repeated issues with **attendance** or **behavior** will result in the loss of online privilege
- Students must attend all “zoom” sessions every day unless otherwise told by the teacher.
- Failure to adhere to the above requirements will result in students losing the privilege of choice and students must return to in-person learning.

CLASSROOM RULES

Students must follow the classroom rules set by their teachers. Classroom rules are usually collaboratively developed with students and approved by the principal to ensure that they are consistent with needs and objectives of the school. Classroom rules are discussed with students at the start of each semester and posted in each classroom.

CLASSWORK EXPECTATIONS

Schoolwork/classwork is NOT optional. A student is expected to finish and turn in work on time. Should they not do so, the teacher or administration may assign consequences until work is completed. Consequences may include: Lunch Detention, After School Detention, In-School detention, Saturday Detention.

CONVOCATIONS / AWARD ASSEMBLIES

School convocations and assemblies will be scheduled periodically throughout the school year. These assemblies recognize student participation in: athletics, academics, performing arts, and service; watch patriotic recognitions, and promote topics of interest and relevance as requested by the BGMS faculty. For specific information on student expectations and behavior see Rules and Expectations for students in assemblies. Parents are always welcome to attend any school assembly.

DANCES

Only Boone Grove Middle School students may attend BGMS dances. Students must meet all extracurricular participation and eligibility requirements to attend. Students may not loiter and must enter the school dance immediately. Students must remain for the entire dance unless a parent comes to the dance to pick them up. Parents should be prompt in picking up their student after the dance. Once a student leaves a dance they may not return.

DISCIPLINARY OPTIONS

It is the general policy of the school corporation to use progressive discipline to the extent reasonable and fitting based on the specific facts and circumstances of the student’s misbehavior. The specific form of discipline chosen in a particular case is solely within the discretion of the administration. More severe disciplinary sanctions, including exclusion or expulsion, will be imposed for any violation if warranted by the student’s misconduct, as determined by the administration. Disciplinary action may include, but is not limited to, one or more of the following:

- Student conference with teacher, administration, counselor or other school corporation personnel, and verbal warning;
- Parent contact;
- Parent conference;
- Removal from class;
- In-school detention;

All cell phones/electronic devices should be kept in the student's locker and be turned off. This includes between classes and at lunch. The **School Issued iPad and earphones for classes** are the only exception to this rule. Consequences accumulate all year long.

EARBUDS AND EARPHONES

Students are **discouraged** from bringing expensive Bluetooth earbuds/earphones to school. A cheap pair of wired earbuds or headphones will work just fine and will be needed for the ILEARN test during the year. Earbuds/earphones should not be worn during teacher instruction time. Consequences for wearing earbuds/earphones when you should not will be the same as listed in the cell phone/electronics policy above.

DRUG TESTING PROGRAM

The Board recognizes the learning opportunities for students through involvement in athletics and other extracurricular activities are important. The Board also recognizes and accepts responsibility to take a stand against the use of unauthorized or illegal drugs or substances by students.

The Board requires students in the high school and middle school interscholastic athletic programs or extracurricular programs, and/or who drive to school to sign an enrollment application agreeing the student will take part in a random drug-testing program, conducted and paid for, in part, by the School Corporation, commencing with the school year in which the student begins participation or accepts a parking pass as applicable.

The School Corporation's drug-testing program may include urinalysis testing, saliva screening or breathalyzer to discover possible violations. The School Corporation will also see that:

- A. Testing is given randomly;
- B. Tests will produce consistently reliable results;
- C. As well as standard screening tests, testing may include gas chromatography;
- D. The privacy of students is protected by limits on the disclosure of the test results.
- E. The building administration will be responsible for administering the drug-testing program and imposing sanctions for all students who violate this policy.

Test results will not become a part of the student's permanent record. Test information is not disclosed to law enforcement authorities unless subpoenaed. If the School Corporation is required to release the information, the student and his or her parents will be told twenty-four (24) hours before disclosure.

Any student who tests positive for any drug other than a prescribed medication used as directed by the student's doctor must be excluded from the athletic and extracurricular activity and/ or their driving privilege to school removed.

I.C. 20-26-3 I.C. 20-26-5-4, I.C. 20-30-15-6

Linke v. Northwestern School Corporation (763 N.E. 2nd 972)

The student drug testing program is an important statement made by the School Corporation on its stance against the use of unauthorized and illegal drugs and substances by students. It is also an important action by the School Corporation to safeguard the health and welfare of all students.

This program seeks to provide needed help for students who have a verified positive test. The student's health, welfare, and safety will be the reasons for preventing students from participation in extracurricular activities and driving to school.

All students at the High School and Middle School wishing to take part in an interscholastic athletic program or an extracurricular program sponsored by the School Corporation or who wish to drive to school must file an authorization form stating they will take part in the Drug-Testing Program. The authorization form (Form 5530.01 F1) must be signed by the student and the student's parent and returned to the school to show participant status. Once submitted, the authorization will be valid for the student's entire career at the Middle School or High School, as applicable, unless the student and the student's parents submit to the building principal a written statement indicating the student's withdrawal from participation in the covered activities (Form 5530.01 and see below for period of withdrawal). In the case of driving privileges, in addition to withdrawal statement, the student must surrender the parking pass.

The building administration and superintendent will keep a database that correlates a randomly assigned number to the name of each student taking part in athletics and extracurricular activities, and parking at school who has filed the proper authorization form. Regularly, student numbers are selected randomly from the list of numbers for testing. The number of random tests given each school year is determined by the superintendent and will result in administration of tests equal to no fewer than 10% and not more than 50% of the number of eligible students. Only the building administration and superintendent will know the name of the student associated with each assigned number. Other school or agency personnel, with a legitimate need to know, will have access to the student number without the student name.

The School Corporation may contract with an external agency for collecting or analyzing the collected test samples. Urine samples are collected under supervising collection agency personnel and under such conditions that protect the privacy of the students tested. Saliva samples are collected under the direct observation of proper personnel who, at the same time, will give any confirmatory breathalyzer test by school officials. If a student is unable to produce a sample at the appointed time, he or she will provide a sample later in the same day.

Samples are tested for controlled substances including, but not limited to, amphetamines, barbiturates, opiates, marijuana, cocaine, steroids and alcohol.

After samples are collected the testing agency will take all precautions in safeguarding the samples, the results, and accurately reporting their findings to the applicable building administration. The testing agency will dispose of all negative samples and save positive test results for at least thirty (30) days. The testing agency will report all results by sample number to the applicable building administration. For a positive test result, the testing agency will tell the student and the student's parents, being certain to protect the privacy of the student at the same time.

If the test is verified positive, the administration will make a concerted effort to contact and meet with the student and his or her parent at school. The student and parent will have the opportunity to explain reasons the student should not be in violation of the drug-testing policy. The applicable building administration is responsible for deciding the proper period of exclusion from participation when a student tests positive. The student and parent will receive the names of counseling and support agencies the family may want to contact for help. The coach, supervisor, or administrator, as applicable will be told of the student's ineligibility; however, information about a positive test is not shared.

Self-Reporting: Any student who self-reports drug use/ abuse which violates applicable school drug/ alcohol policies is considered a first positive test resulting in loss of driving privileges and 30% nonparticipation in athletics and/ or extracurricular activities, as applicable, until documentation of completion of a certified counseling program is given to the building principal. The next offense or positive test will count as a second offense/ positive test.

Refusals: A refusal to provide a specimen is a violation of the Drug Testing Policy and will result the same consequences as a second positive test. A decision of the collector of whether the student is unable or is refusing to provide a specimen may be appealed to the collection agency and that decision may be appealed to the building administration. Decisions of the building administration will be final.

Withdrawal: Students withdrawing from the random drug testing selection pool will not be eligible to take part in interscholastic athletics and extracurricular activities or to drive to school for 365 calendar days from the date of withdrawal. A consent form signed by a student age 18 or older, or the student and the parent/ guardian, if the student is under 18, is needed before removal from the selection pool.

The following are rules for student participants in extracurricular activities and for students who drive to school.

1. All rules of the Porter Township School Corporation random drug testing policy must be met before the first day of student participation in any interscholastic athletic program or extracurricular activity or the first day of school for students who have driving privileges for the current school year.
2. Violations of rules as listed in this extracurricular handbook will be investigated immediately on knowledge of the incident as in the athletic and student handbooks.
3. Nothing in this policy should be construed to require the school corporation to provide Due Process and Pupil Discipline State Law (IC 20-33-8 *et seq.*, *as amended*) in removing students from participation in any interscholastic athletic program or extracurricular activity or from driving to school.
4. All students of the Porter Township School Corporation who drive to/ from school or who take part in any interscholastic athletic program or extracurricular activities are required to take part in a random drug testing program as stated in these procedures/ policy.
5. Students who fail to comply with these requirements will not be allowed to take part in interscholastic athletic programs, extracurricular activities nor have driving privileges as provided in these rules.
6. Students withdrawing from the random drug testing selection pool will not be eligible to take part in interscholastic athletic programs, extracurricular activities or drive to school for 365 calendar days from the date of withdrawal. A consent form signed by the student, if over age 18, or the student and his or her parent/ guardian, if the student is under age 18, is needed before removal from the selection pool.
7. Penalties for violation of the Drug Testing Policy as verified by a positive test will result in the following consequences which will increase over the student's school career:
 - a. First Positive Test (First Offense):
 - Nonparticipation for a minimum of 50% of all interscholastic athletic program and extracurricular activities in which he or she takes part in from the date of the offense. If less than 50% remains in the program/ activity, the suspension will be enforced in the next athletic program/ extracurricular activity in which he/she takes part.
 - Loss of driving privileges for one calendar year
 - On documentation of successfully completing a certified counseling program the offense will be lessened to 30% of ineligibility.
 - On documentation of successfully completing a certified counseling program the student will have driving privileges reinstated.
 - b. Second Positive Test (Second Offense):
 - Nonparticipation for a minimum of one calendar year in all interscholastic athletic program and extracurricular activities and driving to school
 - On documentation of successfully completing a certified counseling program the student will have driving privileges reinstated.
 - On documentation of successfully completing a certified counseling program the offense will be lessened to half a calendar year for athletics and extracurricular activities.
 - c. Third Positive Test (Third Offense):
 - No participation in interscholastic athletic program and extracurricular activities and driving privileges for the rest of the student's middle school and high school career
8. Student consent forms must be filed within two days of receiving the form or before the first day of participation/ driving to school.
9. Extracurricular substance abuse rules and each activity's rules are in addition to school rules set forth in the student and athletic handbooks.
10. Extracurricular activities are those activities sponsored by the school which are not for credit and occur outside regular classroom education or outside the regular school day on school property or at-school sponsored events.
11. Students who are absent from school the day their number is selected randomly are tested the next testing day.

FOOD AND DRINKS IN CLASSROOMS

Water in a transparent plastic container is allowed in the classroom and gym if allowed by the teacher. Water, food and drinks of any type are prohibited in computer labs, media center and other special use rooms. Students with drinks other than water in classrooms (except for the breakfast program) are subject to discipline. No food is allowed in the classroom unless approved by the classroom teacher. Energy drinks should not be consumed at school during school hours. .

Consequences: Noon Lunch Detention up to suspension

GUIDANCE COUNSELING OF STUDENTS

Students wishing to see the guidance counselor should come to the office or give a note to the office. The student will be called to the office or the counselor will find the student as soon as possible.

In a crisis the student should report to the office immediately and express a need to see the guidance counselor immediately. Confidentiality between students and the guidance counselor is kept except in the following cases:

1. A student planning to harm himself or herself.
2. A student planning to harm someone else.
3. Physical abuse or neglect
4. Inappropriate sexual behavior by an adult or another person.

Students who either verbally or nonverbally express at-risk behavior or suicide must be reported to the office immediately. Students who know of a student who is expressing thoughts of suicide should report this immediately to the nearest teacher, the counselor, or the principal.

IN THE BUILDING AFTER HOURS

Students may not be in the building after 2:30 p.m. unless they are in the immediate company of a teacher, coach, or sponsor. Students waiting for a ride must wait in the office or front lobby and conduct themselves properly.

LOCKER RULES

PTSC maintains access and ownership of all student lockers. Students may not use locks other than those provided by the school and any unauthorized locks are removed without notice and destroyed.

The student's use of a locker does not lessen the school corporation's ownership or control of the locker. The school maintains the right to inspect any locker and its contents to ensure the locker is used properly. Lockers are searched periodically to remove fire hazards and other hazards, uphold sanitary conditions, to find lost or stolen materials, and to prevent the use of the locker to store banned or dangerous materials such as weapons, illegal drugs, or alcohol. Students have no reasonable expectation of privacy in lockers or their contents. Lockers are subject to search.

Lockers should not be kicked, hit or closed by excessive force. Lockers should not be rigged to keep them unlocked. **Students should not give others their locker combination.** This causes major problems throughout the school year with theft and loss of private property. Students are responsible for all contents in their assigned locker.

MEDIA CENTER

Proper behavior in the Media Center is essential for good studying conditions.

Overdue notices are sent home often. Students with items four weeks overdue cannot check out new materials until the overdue items are returned. Items overdue eight weeks are considered lost and parents are billed the replacement cost. If replaced materials are returned a rebate minus the overdue fine is given. Overdue fines are 5 cents each day materials are overdue.

All lost or overdue material must be returned or replaced before the end of the school year. Students who damage materials belonging to the media center will need to pay a replacement fee.

SCHOOL IMPROVEMENT

Our schools have an active school improvement process. Typically, each school improvement cycle lasts for about five years. Every staff member is an active member on the school improvement committee; some students and parents are asked to join the school improvement committee as well. The purpose of school improvement is to improve student achievement and the overall school environment.

POSTERS / LOCKER DECORATIONS

The principal must approve all posters or signs before posting in the school building or on school property. Any approved poster must be attached with proper tape only. Individuals who receive approval to put up posters are also responsible for removing them.

STUDENT BEHAVIOR GUIDELINES

Student rights, behavior and responsibilities are seen in relation to the safety, health and welfare of all students in school. Expectations of student behavior should be within the bounds of reasonable behavior expected of all members of the community. Students should have the freedom and encouragement to express their individuality in school as long as their conduct does not intrude on the freedom of others. This applies especially to the freedom of other students to receive instruction. There must be a balance between individual freedom and the orderly operation of the school. All students should recognize the consequences of their language, manners, and actions toward others.

Classroom Behavior

Students should follow classroom rules developed by individual teachers and approved by the principal. When a student violates classroom rules, the teacher should correct the misbehavior so the student can remain in class. However, should the student not be able to correct themselves and stay in class, the student will be sent to the office. The teacher should have exhausted interventions to correct the student's continued misbehavior before sending them to the office.

ACADEMIC INFORMATION

Academic Lettering: To encourage academic excellence, Boone Grove High School has established a system of “Academic Lettering” as follows:

1. A student must achieve a minimum cumulative G.P.A. of 3.5 at the end of their 3rd, 5th or 7th semester to be eligible for an initial Academic Letter.
2. A student may qualify for the academic award at the end of the 3rd, 5th, and 7th semester.
3. The qualifying student will receive for his/her 1st award:
 - White Letter “B” patch
 - “Academic Excellence” patch for first time qualifiers.

4. A student who achieves a 3.5 cumulative GPA at the completion of the 7th Semester will be part of the Academic Hall of Fame and will have his/her picture on a plaque that will be placed in an area of prominence. The “Academic Lettering Committee” consisting of representatives from all grade levels and the administration will administer this program. The committee will annually review the program. Beginning with the class of 2025, students will also need to achieve Academic or Technical Honors to qualify.

Class Rank: Class rank is based on the accumulated average of semester grades earned in grade nine (9) through the end of the 7th semester. Class rank is based on this average. Any student transferring into Boone Grove High School after the first week of the 5th semester will not be eligible for the BGHS Academic Hall of Fame, Valedictorian or Salutatorian.

Classification of Students: For purposes of class scheduling and graduation eligibility only, students will be classified by credits earned in accordance with state law and school policy. For all other purposes, including privileges associated with particular grade levels, a student will be classified as a freshman, sophomore, junior, or senior based upon the number of semesters enrolled at the high school level, subject, however, to the principal’s discretion.

Course Retakes affecting the Academic Honors Diploma: A student who wishes to re-establish eligibility for an Academic Honors Diploma may retake a class in which he/she received a grade lower than C-. Note: This policy is intended only for assisting a student in re-establishing eligibility for an Academic Honors Diploma (AHD) and, therefore, is only permitted when a student receives a grade lower than a C- in a course/class. These retakes must be processed through Guidance. *If a student elects to retake a course in order to re-establish eligibility for an Academic Honors Diploma, then both grades will be recorded on the transcript and both grades will be calculated in the GPA. Since this results in credit being granted twice, the student will need to earn an additional eligible credit beyond the 47 required for any course that is retaken.*

Dual Credit or Rule 10: Information regarding Rule 10 (college level course work for both high school and college credits) may be obtained from your guidance counselor. Information about dual credit can be found on the school website under the guidance tab.

Final Exams (Semester): A semester final exam shall be given in every credited class.

Early Final Exams: Students should meet with the principal and follow the necessary procedures. It is advisable that the request be submitted thirty (30) days prior to the final exam schedule.

Missed Final Exams (Semester): Per administrative discretion, final exams will only be made up after the assigned day under, including but not limited to, the following circumstances:

- *Illness verified by doctor’s note*
- *Verified attendance at a funeral*
- *Legal mandate*

Senior Exemption: This applies to second semester only. Seniors with a B+ average will be exempted from taking the second semester final exam in that class. The grade average will be computed using the nine (9) week grade and the grade earned up to the date determined by the administration.

Grading System:

A	Excellent	F	Failing
B	Above Average	WF	Withdraw Failure
C	Average/Satisfactory	INC	Incomplete
D	Below Average		

Grade Calculations:

Below are the exact percentages for figuring grades (there is no rounding).

100	A+	76.68-79.99	C+
93.34-99.99	A	73.34-76.67	C
90.00-93.33	A-	70.00-73.33	C-
86.68-89.99	B+	66.68-69.99	D+
83.34-86.67	B	63.34-66.67	D
80.00-83.33	B-	60.00-63.33	D-
		59.99-BELOW	F

Semester grades will be figured by multiplying each nine (9) weeks percentage by .43. The percentage earned on the semester final will be multiplied by .14. The combined total percentages of the nine weeks and semester final grades will be used to calculate the semester grade. For Example: 80% (first nine weeks) x .43, 75% (second nine weeks) x .43, and 80% (semester final) x .14 would equal a 77.85, which is a C+.

Regular Courses

All non-honors classes will use the 4.0 scale when calculating GPA.

A+ = 4.0	B+ = 3.3	C+ = 2.3	D+ = 1.3
A = 4.0	B = 3.0	C = 2.0	D = 1.0
A- = 3.7	B- = 2.7	C- = 1.7	D- = .7

Honors Courses

Honors courses will be weighted .3 on a four-point scale at the semester. Grades below a C are not weighted.

A+ = 4.3	B+ = 3.6	C+ = 2.6	D+ = 1.3
A = 4.3	B = 3.3	C = 2.3	D = 1.0
A- = 4.0	B- = 3.0	C- = 1.7	D- = .7

Honor Roll: The Honor Roll is calculated on a 4.0-point basis at the end of each 9-week grade period. There are three honor rolls as follows:

- Principal's Honors = 3.5 – 4.0+ GPA
- Honors = 3.0 – 3.49 GPA

Incomplete Grades (INC): Any incomplete grade that is issued requires immediate attention on the part of the student. An incomplete not made up within two (2) weeks of the end of the semester will be changed to "F". In the event the incomplete relates to absences addressed through a 504, Individual Health Plan (IHP), General Education Intervention Plan (GEI), administrative discretion will apply.

Credits and Requirements: In addition to our counselor(s) meeting with students, it is the responsibility of the student to know the requirements and seek help from the counselor in determining progress toward graduation.

Effective beginning with students who enter high school in 2012-13 school year (class of 2016).

Scheduling

Students and parents should carefully consider all course requests prior to scheduling. When scheduling for the upcoming school year, the student will schedule online through Harmony. The Guidance Department will provide each student with the following items:

- Copy of 4 Year Plan Audit Sheet
- Indiana Core 40 Course and Credit Requirement
- Transcript
- “Harmony Web Course Request –Instructional Video”

Students should have the above listed items readily available when scheduling for an upcoming school year. Students leaving for summer vacation should consider course requests made at the time of scheduling as final.

The high school master schedule is developed according to the course requests made by students. Parents may view their child’s schedule on Harmony. Parents will receive an email when schedules are finalized on Harmony. The Guidance Department will not print student schedules on the first day of school. Each student is responsible for retrieving their schedule from Harmony a week prior to the first day of each semester.

Schedule Changes

Schedule changes after **August 1** will be administratively granted under the following circumstances:

- Administrative error in scheduling (i.e. original student requests were not entered correctly)
- Need to balance class sizes
- Student is academically misplaced in the course (has not completed prerequisites, new enrollee misplaced)
- Administrative discretion
- Course Failures

Student schedules are final on the first day of each semester. Students requesting schedule changes for second semester have until the day before first semester final exams begin to request schedule changes for second semester. Students may

not change their schedule due to instructor preference. (Approval of all schedule change requests is subject to consideration involving maximum and minimum class size.) Students with seven classes may drop one class for a study hall during the first two weeks of the semester. Except under extenuating circumstances and with administrative permission, any student who withdraws from a class after the second week will receive a “WF” (withdrawal failure) as a semester grade for that class. Yearlong and semester classes are also included in this policy.

Students enrolled in dual credit courses in which college credit may be granted must research and consider the application of credit at other universities carefully prior to scheduling. Changes in college entrance status will not be considered in granting schedule change requests.

Alternative Course Work

An alternative course will be accepted for credit only when a schedule conflict or unavailability prevents a student from taking the course. Credits **must** be approved by their school counselor or administration **prior** to taking the course.

Online Courses:

The opportunity to take online or blended courses through Boone Grove High School is a privilege. Any issue with academic performance or behavior may result in the loss of opportunity to participate in such courses. This includes being transferred to a non-blended course during the semester. Students must follow all procedures for signing in and out under school rules and also be in only permitted areas during the blended or flexible time. Blended courses may be altered at any time under teacher or administrator discretion. Students are required to attend school in person for any assessments deemed essential by the administration. If a student falls off pace for graduation (earning 5 credits per semester in aggregate), the online option will not be available to them. In addition, any behavior or attendance issue will eliminate the privilege of online or blended learning. Under the proper circumstances, students may take online courses at Boone Grove High School.

The purpose of permitting flexibility is to allow students who are capable of succeeding in high school level courses to do so and to earn high school credit. It is not intended to diminish the amount or quality of work that will be completed in Grades 9 through 12.

Process: Eligible students will be identified by the office and notified of their opportunity via the iPad.

Tardy Policy: A student is tardy if he/she is not in the assigned room when the bell begins ringing to start class and misses less than the first five (5) minutes of class.

- Lateness without a pass will be considered a tardy.
- A student who has a pass from a member of the educational staff will have his/her tardiness excused.
- Each level will result in a progressive iPad lockdown penalty.
- Tardies will be cumulative for all classes. The cumulative record of tardies will be maintained in the office.

Consequences (Per Quarter):

1st, 2nd, and 3rd Offense: Student gets verbal warning from teacher.

3th Offense: Student gets verbal warning from office.

7th Offense: Student gets Friday Detention

All additional offenses: One (1) day OSS suspension, and/or five (5) days of morning detention 7:00 a.m. - 7:30 a.m. per tardy over seven (7). 5th Truancy, loss of driving privileges for ten (10) days and full day ISD.

6th and above twenty (20) days driving suspension and two (2) days ISD with expulsion as a consideration.

Anyone who assists in helping someone become a Truant will receive the same consequence as the truant student.

DISCIPLINE AND BEHAVIOR

Statement: Certain consequences outlined in this handbook may be modified at the discretion of the administration depending upon the totality of the circumstances. No granting of a variance will constitute or establish a precedent in any future situation.

iPad Lockdown: For any infraction, regardless of how minimal, or for lack of academic progress, a student may have their iPad locked down. This lock down may include, but is not limited to iMessage, App Store, games, Apps, and internet browsing. Administration reserves the right to determine the duration and degree of any locked iPad. In cases or repeated abuse of the technology, students may lose the privilege of use of the iPad.

Student Interaction Policy: We expect our students to use actions, language, and dress which is appropriate. Anything that distracts, disrupts, intimidates, threatens, or provokes others does not allow for the safety, order, and discipline necessary for a successful academic experience to which our students are entitled.

Students are expected to know the school rules, comply with those rules, and cooperate with those who are here to support our students. The administration has the responsibility to discipline students and to provide students with the opportunity to learn self-discipline.

Students are under supervision and regulations of the school at the following times and places:

- Any time students are on any school grounds or facility.

Drug Testing:

The Board recognizes the importance of providing learning opportunities for students through involvement in athletics and other extra-curricular activities. The Board also recognizes and accepts its responsibility to take a stand against the use of unauthorized and/or illegal drugs or substances by students at any time.

The Board requires that each student in the high school and middle school participating in one of the School Corporation’s interscholastic athletic programs or extra-curricular programs (including attendance at games or dances), or driving to school, sign an enrollment application agreeing that the student will participate in a random drug-testing program, conducted and paid for by the School Corporation, commencing with the school year in which the student begins participation, or accepts a parking pass, as applicable.

The School Corporation’s drug-testing program may include urinalysis testing, saliva screening and/or breathalyzer to determine if the Student Code of Conduct has been violated. The School Corporation will also see that:

- Testing is administered randomly;
- Tests will produce consistently reliable results;
- In addition to standard screening test, gas chromatography testing may be used;
- The privacy of students is protected by limitations on the disclosure of the test results.

Parents are able to sign up their children to ensure they will be pulled at a random time during the year for a fee of \$31.00.

The building principal shall be responsible for administering the drug-testing program and imposing sanctions for all students who violate this policy. Test results will not become a part of the student’s permanent record. Test information will not be disclosed to law enforcement authorities unless subpoenaed in a legal proceeding. In the event that the School Corporation is required to release the information, the student and his/her parents will be notified twenty-four (24) hours before the response is made.

Any student who tests positive for any drug other than a prescribed medication used as directed by the student’s physician shall be removed from the athletic activity, the extra-curricular activity, and/or denied the privilege of driving to school.

I.C. 20-26-3 I.C. 20-26-5-4 I.C. 20-30-15-6 Linke v. Northwestern School Corporation (763 N.E. 2nd 972)

The student drug-testing program is an important statement made by the School Corporation with regard to its stance against the use of unauthorized and illegal drugs and substances by students. It is also an important action on the part of the School Corporation to safeguard the health and welfare of all students.

This program seeks to provide needed help for students who have a verified positive test. The student’s health, welfare, and safety will be the reasons for preventing students from participation in extracurricular activities and driving to school.

All students at the High School and Middle School wishing to participate in an interscholastic athletic program and/or an extracurricular program sponsored by the School Corporation or to drive to school must submit an authorization form stating they will participate in the Drug-Testing Program. The authorization form (Form 5530.01 F1) must be signed by the student and the student's parent and returned to the school in order to establish participant status. Once submitted, the authorization will be valid for the student's entire career at the Middle School or High School, as applicable, unless the student and the student's parent submit to the building principal a written statement indicating the student's withdrawal from participation in the covered activities (Form 5530.F). In the case of driving privileges, in addition to submission of the withdrawal statement, the student must surrender the parking pass.

At the beginning of every school year, an annual drug testing fee will be charged in conjunction with all other aspects of the policy. This fee will be non-refundable.

The building principal and Superintendent shall maintain a database that correlates a randomly assigned number to the name of each student participating in athletics, extracurricular activities, and parking at school who has submitted the appropriate authorization form on a regular basis, student numbers will be selected randomly from the list of numbers for testing. The number of random tests given each school year shall be determined by the Superintendent and shall result in no less than 10% and not more than 50% of the eligible students being tested. Only the building administrators and Superintendent will know the name of the student associated with each assigned number. Other school and/or agency personnel, with a legitimate need to know, will have access to the student number without the student name.

The School Corporation may contract with an external agency for the purpose of collecting and/or analyzing the collected test samples. Urine samples shall be collected under the supervision of collection agency personnel and under such conditions that protect the privacy of the students being tested. Saliva samples shall be provided under the direct observation of appropriate personnel who, at the same time, shall administer any confirmatory breathalyzer test as may be determined necessary by school officials. If a student is unable to produce a sample at the appointed time, s/he will be asked to provide a sample later in the same day.

Samples will be tested for controlled substances including, but not limited to, amphetamines, barbiturates, opiates, marijuana, cocaine, steroids and alcohol.

After samples have been collected the testing agency shall take all precautions in safeguarding the samples, the results, and accurately reporting their findings to the applicable building principal. In all cases, the testing agency shall dispose of all negative samples and retain positive test results for at least thirty (30) days. The testing agency shall report all results by sample number to the applicable building principal.

In the case of a positive test result, the testing agency shall notify the student and the student's parents being certain to protect the privacy of the student at the same time.

If the test is verified positive, the Principal will make a concerted effort to contact and meet with the student and his/her parent/guardian at a school corporation facility. The student and/or parent will be given the opportunity to explain reasons why the student should not be judged in violation of the drug-testing policy. The applicable building principal is responsible for determining the appropriate disciplinary action when positive test results are identified. The student and parent/guardian will be given the names of counseling and assistance agencies that the family may want to contact for help. The coach, organization sponsoring supervisor, or administrator in charge of school parking, as applicable will be informed of the student's ineligibility for participation; however, information about a positive test will not be shared.

Self-Reporting: Any student who self-reports for use/abuse in violation of applicable school drug/alcohol policies will be treated as a first positive test resulting in loss of driving privileges and/or 30% non-participation in athletics and/ or extracurricular activities, as applicable, until documentation of completion of a certified counseling program is presented to the building principal. The next offense or positive test will count as a second offense/positive test.

Refusals: A refusal to provide a specimen is a violation of the Drug Testing Policy and will result the same consequences as a second positive test. A decision of the collector as to whether the student is unable or is refusing to provide a specimen may be appealed to the collection agency and that decision may be appealed to the building principal. The decision of the building principal shall be final. *[and subject to the student disciplinary code]*

Withdrawals: Students withdrawing from the random drug testing selection pool will not be eligible to participate in interscholastic athletics, extracurricular activities or to drive to school for 365 calendar days from the date of withdrawal. A consent form signed by a student, if over age 18, or the student and the parent/guardian, if the student is under 18, will be required prior to removal from the selection pool.

The following are rules and regulations for student participants in extracurricular activities (including dances and attendance at events) and for students who drive to school:

1. All rules and regulations of the Porter Township School Corporation random drug testing policy must be met by the end of the first two weeks of school or the first day of school for students who have driving privileges for the current school year.

2. Violations of rules as listed in this extracurricular handbook will be investigated immediately upon school knowledge of the incident as in the athletic and student handbooks.
3. Nothing in this policy shall be construed to require the school corporation to follow the provision of the Due Process and Pupil Discipline State law (IC 20-33-8 *et seq.*, *as amended from time to time*) in removing students from participation in any interscholastic athletic program or extracurricular activity or from driving to school.
4. All students of the Porter Township School Corporation who drive to/from school or who participate in any interscholastic athletic program or extracurricular activities are required to participate in a random drug testing program as stated in these procedures/policy.
5. Students who fail to comply with the above requirements will not be allowed to participate in interscholastic athletic programs, extracurricular activities nor have driving privileges as provided in these rules/ regulations.
6. Students withdrawing from the random drug testing selection pool will not be eligible to participate in interscholastic athletic programs, extracurricular activities or drive to school for 365 calendar days from the date of withdrawal. A consent form signed by the student, if over age 18, or the student and his/her parent/guardian, if the student is under age 18, will be required prior to removal from the selection pool.
7. Penalties for violation of the Drug Testing Policy as verified by a positive test will result in the following consequences which will accumulate over the student's high school career:
 - a. First Positive Test (First Offense):
 - Nonparticipation for a minimum of 50% of all interscholastic athletic program and/or extra-curricular activities in which he/she participates from the date of the offense. If less than 50% remains in the program/activity, the suspension will be enforced in the next athletic program/ ECA activity.
 - Loss of driving privileges for a period of one calendar year
 - Upon documentation of successfully completing a certified counseling program the offense will be reduced to 30% of ineligibility. This applies only to the first offense.

The Board of School Trustees of the Porter Township School Corporation recognizes the importance of technology education and computer access in preparing students. While the district's intent is to make Internet access available in order to further educational goals and objectives, not all information which can be accessed from external networks is appropriate to the education of our students; consequently, administration shall develop an agreement for the use of external networks which shall specify guidelines to help ensure appropriate utilization by students. Additionally, it is

the intention of this policy to have student Internet activities monitored by the school corporation to ensure students are not accessing inappropriate sites. Each school corporation computer with internet access available to students, will have a filtering device or software that blocks and/or monitors access to visual depictions that are obscene, pornographic, inappropriate for students, or harmful to minors. Students will be expected to sign the agreement before using an external network. The provision of this policy and the content of the accompanying exhibit are subordinate to local, state and federal statute.

Porter Township School Corporation firmly believes that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the District.
